### SAFETY GUIDELINES ON USING TAGLINE AND SUSPENDED LOAD

1. Loads which have a tendency to swing or turn freely during lifting shall be controlled by a tagline.
2. The proper tagline shall be:
  - (a) in good construction.
  - (b) sufficient length so that personnel will not be exposed to the danger of being under suspended load at all times.
3. No personnel shall work or be under suspended load at all times.
4. The operator of a material handling equipment shall not move a suspended load over any person.
5. For the above mentioned safety measures, you are advised to incorporate into your Risk Assessment and have it communicated to all the workers to ensure the safe lifting operations of the cargoes.
6. If you need more clarifications, please contact David Ng at 66609503 or email: [davidng@jp.com.sg](mailto:davidng@jp.com.sg) or Ivan Tan at 66609733 or email: [ivantan@jp.com.sg](mailto:ivantan@jp.com.sg) or FSS duty officer at 66609552 or email: [jpfss@jp.com.sg](mailto:jpfss@jp.com.sg).

Thank you.
