Transition of MOM Lorry Crane Operator Course to WSQ

From 1 Sep 2013 onwards, under the Workplace Safety and Health (Operation of Cranes) Regulations 2011, no person can operate a lorry loader/lorry crane unless he or she has successfully completed an approved training course on the operation of the lorry loader/lorry crane. This approved training course is the “Lorry Crane Operator Course” under the MOM’s Accredited Training Provider (ATP) scheme.

With effect from 1 Oct 2012, the “Lorry Crane Operator Course” will be transited to the Workforce Development Agency (WDA) under the Workforce Skills Qualifications (WSQ) System. The course will be renamed as “WSQ Operate Lorry Crane” and conducted by the WDA’s Approved Training Organizations (ATOs). The list of ATOs conducting this course is available in WDA’s website at the following URL: www.wda.gov.sg/WSQOperateLorryCrane. Like the existing “Lorry Crane Operator Course” under the MOM’s ATP scheme, the certificate for the “WSQ Operate Lorry Crane” will have a 5-year validity period.

For any query regarding the ‘WSQ Operate Lorry Crane’ course or general enquiries on the above, you can contact WDA at wda_enquiry@wda.gov.sg or 68835885.
