No.03 of 2017

4th December 2017

Dear Port Users,

PDL Substation P5 shutdown for servicing on Sunday, 15th January 2017

1. The Substation P5 at PDL will be shut down for servicing on the 15th January 2017(Sunday). This shut down is in-line with our annual maintenance of sub-stations as per code of practice. All necessary measures to limit the duration have been undertaken.
2. Due to the substation shutdown, there will be a power disruption from 0830 hrs to 1800 hrs on that day.
3. Kindly be informed that the following will be affected by the disruption.
 - i) Level Luffing Crane - (LLC 1) power shutdown **0930-1330** (LLC 2 operation ready).
 - ii) Level Luffing Crane - (LLC 2) power shutdown **1400-1800** (LLC 1 operation ready).
 - iii) Cement Terminal 2 – Unloader P4 and conveyor system **0930-1330**.
 - iv) Cement Terminal 2 – Unloader P5 and conveyor system **1400-1800**.
4. We apologise for any inconvenience caused by this essential maintenance.

Thank you.

Regards,

JP Commercial
