

No. 69 of 2019

13 December 2019

To All Port Users,

IMPLEMENTATION OF TARIFF REVISION FOR GENERAL CARGO AND BULK CARGO IN JURONG PORT

1. We refer to the general tariff revision as proposed in various industry consultations/engagements since September 2019, involving members of the Singapore Shipping Association, Shippers, Consignees, Shipping Agents, Carriers and other port users and stakeholders. The rationale for the increase was extensively discussed and has been accepted by the industry stakeholders with the view to ensure the costs for upgrades, investments and initiatives that have improved productivity, security and safety are adequately recovered to ensure the sustainability of the port.
2. The revised general tariffs covering General Cargo and Bulk Cargo segments have been approved by MPA as listed in **ANNEX A** and will take effect from 16 Mar 2020. The rates for these revised tariffs constitute the tariff ceiling (i.e. maximum rate that Jurong Port can charge).
3. To cushion the cost impact for port users, Jurong Port will adopt a phased approach with intermediate price caps for the various revised tariffs as per **Annex A**.

Charges not stated in the Annex shall remain as per existing tariffs.
