

No. 60 of 2023

15 Sep 2023

Dear Port User

INCREASE IN TRAFFIC AT JURONG PORT MAIN GATE

We would like to inform you about an upcoming development and that it will impact the traffic at the Jurong Port main gate with effect from 18 September 2023 till further notice.

During this period, we anticipate that the traffic at the Jurong Port main gate will be busier as we begin the trucking operations for Ready-Mixed Concrete (RMC) Port-Centric Ecosystem. To ensure smooth operations and minimize any inconveniences caused, additional resources will be deployed at the main gate to manage the increased traffic and assist with vehicle clearance. Our dedicated team will work diligently to streamline the entry and exit processes for all port users.

We kindly request your cooperation and understanding as we work to manage the increased traffic flow. To help expedite your entry into the port, we encourage you to plan your visits accordingly and consider any adjustments to your schedules that may help reduce peak traffic times.

Thank you.
