Dear Port Users

### **Redevelopment of Berth J1A**

Jurong Port currently operates two Lighter Terminals - Penjuru Terminal (PT) located at Penjuru Road and Marina South Wharves (MSW) located at Marina Coastal Drive. As part of Singapore's Greater Southern Waterfront development, MSW will be relocated to JP Homeport in 2027. To ensure smooth transition and continued support for users of MSW, Berth J1A will be upgraded and repurposed to handle lighterage operations.

With effect from 1 Sep 2025, Berth J1A will be closed to facilitate upcoming construction works under the redevelopment plans. Wooden crafts currently using J1A will be reassigned to other suitable berths and affected users will be notified accordingly.

There will also be a change in the traffic flow within the area, as shown in Appendix A and B. Mobile equipment that are currently parked at J1A wharf area will be relocated to designated alternative locations.

For any enquiries, please email Regional Trade Commercial at [comm\\_rt@jp.com.sg](mailto:comm_rt@jp.com.sg).

Thank you.
